

# CORONA XHS

Premium-HC-Synthetic-Motor Oil 5W40

## Description:

**CORONA XHS** is a high-performance low-friction engine oil of the new generation, which allows a fuel-efficient operation of car petrol and diesel engines.

This particular engine oil designed for modern uprated fuel injection and turbo engines.

Selected high-quality base oils of synthesis technology, together with a selected additive combination lead to product quality, meet and exceed all the requirements of modern cars.

## Properties

- High wear protection
- Excellent viscosity-temperature behaviour
- Minimal frictional loss
- Very high cleaning capability
- Prevents black sludge formation
- Low volatilization loss

## Effects

- Very good operating reliability
- Excellent cold starting properties - rapid supply of all points of lubrication
- Optimal high temperature viscosity
- Constant operating properties
- Fuel efficiency by lighthrun properties
- Optimal engine cleanliness
- Low oil consumption
- Extended oil change intervals
- Optimal oil pressure
- All-year operation

## Suitable for/ we recommend this product for

|                                |                |
|--------------------------------|----------------|
| SAE                            | 5W-40          |
| API                            | SN/CF/EC       |
| ACEA                           | A3/B4          |
| We recommend this product for: |                |
| BMW                            | Longlife-01    |
| LAMBORGHINI                    |                |
| MASERATI                       |                |
| MB                             | 229.5          |
| MB                             | 226.5          |
| OPEL                           | GM-LL-B-025    |
| PORSCHE                        | A40            |
| PSA                            | B71 2296       |
| RENAULT                        | RN0700/RN0710  |
| VW                             | 502.00, 505.00 |

## Utilization

- High-performance and normal four-stroke petrol engines
- with multivalve technology
- with turbo charging
- with catalyst technology
- Passenger car diesel engines
- with turbo charging
- with CDi-technology
- with catalyst technology

## Disposal:

- **CORONA XHS** is assigned to category 2 of used oils and thus is free for disposal.

## Miscibility:

- **CORONA XHS** is fully compatible to customary HD oils and can be mixed without any doubts. However, to take full advantage of **CORONA XHS** it is recommendable to use only **CORONA XHS** when refilling.

## CORONA XHS

| Article No. | Packaging unit |        |
|-------------|----------------|--------|
| 1200 602    | Can            | 1 L    |
| 1200 603    | Can            | 4 L    |
| 1200 604    | Can            | 5 L    |
| 1200 605    | Can            | 20 L   |
| 1200 606    | Drum           | 60 L   |
| 1200 608    | Drum           | 200 L  |
| 1240 609    | PE-Container   | 1000 L |

## Typical characteristics:

|                            |         |      |
|----------------------------|---------|------|
| Specific weight at 15°C    | kg/m³   | 856  |
| Dynamic viscosity at -30°C | mPa.s   | 6010 |
| Viscosity at 40°C          | mm²/s   | -    |
| Viscosity at 100°C         | mm²/s   | 14,3 |
| Viscosity index            |         | 176  |
| Flash point COC            | °C      | 228  |
| Pourpoint                  | °C      | -39  |
| TBN                        | mgKOH/g | 10,4 |
