

# TULSA XM 2T

### Mineral-High-Performance 2-Stroke-Motor Oil for selfmixing and separate lubrication

### **Description:**

TULSA XM 2T universal two-stroke oil is especially developed for two-stroke motorbikes (two-stroke cycle engines) to be used for separate lubrication and self-mixing systems. Used for separate lubrication systems this product provides an optimum lubrication and the smoke formations is minimized.

TULSA XM 2T universal two-stroke oil is suitable for aircooled and watercooled two-stroke gasoline engines, motorbikes, light motorbikes, motorsaws etc.

### **Properties**

- Excellent corrosion protection
- High wear protection
- High oxidation stability
- Very low coking tendency

# Suitable for/ we recommend this product for

| API                            | TC    |  |  |  |
|--------------------------------|-------|--|--|--|
| ISO                            | L-EGC |  |  |  |
| We recommend this product for: |       |  |  |  |
| JASO                           | FC    |  |  |  |

#### **Effects**

- Optimal operating reliability
- Prevents against deposits spark-plug bridge formation
- Environment-friendly low smoke formation
- Universally usable
- Selfmixing in tank
- Selfmixing and for separate lubrication

#### Utilization

- Air- and watercooled two-stroke engines
- Mixing ratio up to 1:50 (Please observe service instructions)

## Disposal:

TULSA XM 2T is assigned to category 2 of used oils and thus is free for disposal.

### Miscibility:

• TULSA XM 2T is fully compatible to comparable lubricants and can be mixed safely. However, it is recommended to refill TULSA XM 2T only.
