

TACOMA SPECIAL

Chain Saw Adhesive Lubrication Oil Mineral Oil based

Description:

TACOMA SPECIAL Chain Saw adhesive lubrication oil is a product for power saw chain proved in practice. Because of well chosen additive combinations an excellent adhesion with very good temperature behaviour and good lubrication properties is provided.

TACOMA SPECIAL Chain Saw adhesive lubrication oil thus is best suitable for summer and winter operation. The very good cooling effect ensures low wear at optimum cutting speed. It is neutral against sealing materials, plastic and paintwork and at the same time this product protects against corrosion.

Properties

- Excellent temperature behaviour
- High adhesive behaviour
- Good lubrication properties
- High wear protection
- Neutral towards coating of power saws
- Reliable corrosion protection
- Very good cooling effect
- Colour dark

Effects

- Highest operational height
- Best suitable for summer and winter operation

Utilization:

- All brands of power chain saws
- Saw frame
- Transport bearings
- Withdrawing device
- Rope guide
- Rack
- Joints
- Sliding
- etc.

Disposal:

- **TACOMA SPECIAL** is assigned to category 2 of used oils and thus is free for disposal.

Miscibility:

- **TACOMA SPECIAL** is fully compatible to comparable lubricants and can be mixed safely. However, it is recommended to refill **TACOMA SPECIAL** only.

TACOMA SPECIAL

Article No.	Packaging unit	
1206 202	Can	1 L
1206 204	Can	5 L
1206 205	Can	20 L
1206 206	Drum	60 L
1206 208	Drum	200 L
1246 209	PE-Container	1000 L

Typical characteristics:

Specific weight at 15°C	kg/m ³	870
Viscosity at 40°C	mm ² /s	103
Flash point COC	°C	205
Pourpoint	°C	<-30
